## What's in The Box

ONECLICK™ 9 Feet Umbrella

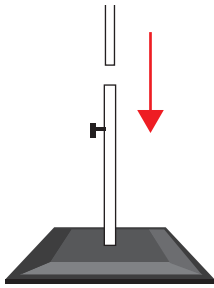

Steel Pole

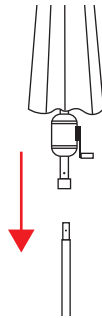

Bonus Replacement Rib

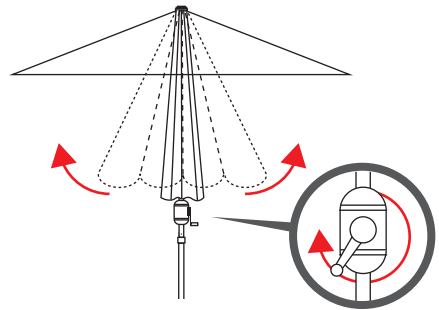

## Setup Guide

- 1** Insert bottom of the steel pole into the umbrella base.  
\*Umbrella base not included\*

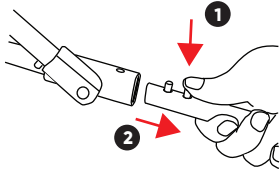

- 2** Next, insert the canopy into the steel pole by aligning the notch with the hole until it locks in place.

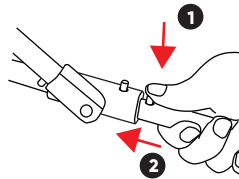

- 3** Once locked into place, you can open the umbrella by using the hand crank in the middle. Crank clockwise to open and counter clockwise to close.

## How to Replace Rib

- 1** Press down on the lock pin to release the rib and pull.

- 2** Insert the new rib by pressing down on the lock pin and push back into place.
